

***Create a self-service profit center with our SBN7 Series In-Line Refrigerated Salad Bars! Scroll down to learn more about how this case can enhance your fresh food offering.***

Our super cold remote NSF7 air overflow design refrigeration system keeps food fresh and health departments happy. Order with self-contained refrigeration to make it a simple plug & play – no contractor needed. Available in lengths from 48" to 16' long. Brilliant LED interior lighting and mirrored back panel / doors enhance food display, making it visible from 100 feet away. Low profile sneezeguard design has frameless tempered glass on flip-up hardware. Convenient shelf in body offers organized space for food containers, utensils and cross merchandising opportunities for snack foods. Makes for an enhanced display that attracts your shoppers' attention and builds impulse sales.

The industry's easiest to clean, all stainless-steel refrigeration liner with oversized drains eliminates clogs. The pan layout is flexible, with our interlocking adapter bar system, to maximize merchandising per square foot. Our "No-Visible-Means-Of-Support" Sneezeguard offers optimal visibility and convenience. Sneezeguard is made with scratch resistant tempered glass. Upgrade the base model with options such as sliding rear mirrored doors, refrigerated storage in the base or soup wells.
