

Make your Hot Grab & Go Food offerings a self service profit center anywhere in your store with our HHTD Series Three-Level Mobile Hot Grab & Go Merchandiser !

3 Tier

With three hot levels, you can increase your offering, create more impulse sales, and grow your hot food program in a tiny footprint. Based upon hourly and daily traffic patterns, you can utilize infinite temperature control for each individual hot deck, controlling shrink, while maximizing merchandising impact.

This three level case is ideal, not just for rotisserie chicken, but for all packaged foods – turn off the heat on lower levels during slower sales periods to merchandise dry goods – reduce shrink AND build sales even during low traffic periods.. If you are selling hot food full service, you won't believe the profitability of this self service unit due to reduced labor costs, convenience for shoppers, higher sales and lower shrink.

This unit is a MONEY MAKER and a SELL-THROUGH BEAST !
