

Build your Hot Grab & Go Food sales in a small footprint with our self service profit center

SHALLOW WRT-N-F Series 3, 4 or 5 Level Hot Merchandiser !

With three, four or five hot decks, you can increase your offering, create more impulse sales, and grow your hot food program in a shallow footprint. Based upon hourly and daily traffic patterns, you can utilize infinite temperature control for each individual hot deck, controlling shrink, while maximizing merchandising impact.

This three, four or five level case is ideal, not just for rotisserie chicken, but for all packaged foods – turn off the heat on any given level during slow periods to merchandise dry goods. If you are selling hot food full service, you won't believe the profitability of this self service unit due to reduced labor costs, convenience for shoppers, higher sales and lower shrink.

This unit is a **MONEY MAKER** and a **SELL-THROUGH BEAST !**

Options, accessories and features create the perfect merchandiser for YOUR food service operation!

ADDITIONAL 4th OR 5th HOT MERCHANDISING DECKS

Increase your merchandising impact in a small foot print - no additional floor space required to boost your selling capacity!

CLEAR VIEW END PANELS

Enhance product visibility from the sides - sell-through your offerings with more ways for your customers to find and see your food without obstruction. Sell more!

POPULAR SIZES FROM 2' TO 10' LONG - CAN BE BUILT IN ANY SIZE DESIRED

SLIDING REAR-VIEW MIRRORED DOORS AND REAR CONTROLS FOR IN-LINE USE

Case is designed so sliding rear mirror doors can be added in the field as a retrofit, should store layout change, requiring this case to become in-line. One way mirror sliding rear doors allow employees to monitor stock levels - mirrored image attracts shoppers' attention to build impulse sales.

NEXT GENERATION

~ Features ~

LED LIGHTING ON EACH LEVEL

The industry's most brilliant interior LED lighting on all levels showcases your hot offering, attracting customers like moths to a flame! Benefit from longer life, reduced maintenance costs on burned out bulbs, and energy conservation.

DIGITAL THERMOSTATS IN LIEU OF INFINITE CONTROLS ON DECK HEAT

More accurate temperature control so that you can sell product at exactly the right set point.

NEW SIMPLER DESIGN

Updated design allows for easier serviceability

FULL WIDTH TOP HEAT PLATEN

More even heat distribution and temperature across the entire width of the hot shelf.

THIN PROFILE SHELVES

Your product is the focus, not the equipment – and customers can see even more of your fresh prepared food offerings with thin shelves offering the same reliable heat coverage.

ACCEPTS RETROFIT SLIDING REAR MIRROR DOORS

If you purchase one of our WRGCL / WRT Series hot cases for end cap or wall locations, and in the future you want it to be rear load (for example you relocate it to the deli), a factory fitted retrofit door kit is inexpensive and easy to install
